EDGE FINISHES

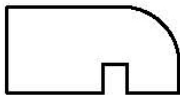

Eased: cut marks taken off w/router and sharpness taken off top and bottom edges with sandpaper.

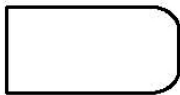

Finish/Bevel: cut marks taken off w/router, top edges get 1/8" sanded bevel, and the bottom edge is broken w/sandpaper.

45° Bevel: cut marks taken off w/router, top and bottom edges get 45° bevel.

Classic Finish: everything included in the finish/bevel above with the addition of a drip groove.

Bull-nose: cut marks taken off and edge created using bull-nose bit on router, no sanding.
